

# LIVER UPDATE 2011

# MULTIDISCIPLINARY APPROACH TO LIVER CANCER

Date: 10-11 September, 2011  
Venue: J B Auditorium AMA,  
Opp. IIM, Ahmedabad

## Final Announcement & Scientific Program

Organized by:

**sterling**  
Hospitals  
Because life matters

# Invitation

Dear friends and colleagues,

It is my great pleasure and honor to invite you to attend our 3rd conference on Liver Surgery which is to be held in Ahmedabad on September 10 & 11, 2011. This event is organized by Gujarat Liver and Digestive surgery Clinic (GLDC), Gujarat Liver Cancer Clinic (GLCC) in association with Sterling Hospitals.

There are many controversies in the management of Liver Cancer. Today, the success of treating a patient with hepatic malignancy is often linked to the appropriate use of various treatments, combining neoadjuvant and adjuvant modalities with surgery. Thus, the best approach for a patient with a hepatic tumor is achieved by a multidisciplinary team. Recently many novel diagnostic and therapeutic tools have become available. It is important to understand and select the right therapeutic modality for a particular case.

Liver Update 2011 hopes to provide an ideal opportunity for all these disciplines that contributes to the management of patients with hepatic malignancies. The scientific program would highlight the important aspects of surgical techniques and various novel therapeutic options for the different liver malignancies. A special session shall also provide insights into Liver Transplantation and its present role in the management of HCC and other liver tumors. The meeting will consist of lectures, master videos and panel discussions involving world-renowned national/international authorities and experts. A separate hall shall have a facility to view Liver Surgery videos throughout the day. I hope that this meeting will provide useful information and guidelines for the management of this difficult population of patients.

On behalf of the organizing committee I extend our warmest invitation to attend Liver Update 2011. I am sure that you will have an enjoyable time both professionally and socially.

We look forward to welcoming you to Ahmedabad in September.

With warm regards,

A handwritten signature in blue ink, appearing to read "Hitesh Chavda".

**Dr Hitesh Chavda**

Liver Update 2011

# Scientific Program

September 10, 2011

## Day 1

**8:15am - 8:45am Breakfast and Registration**  
**Opening remarks: Dr Hitesh Chavda**

**9:00am - 11:00am Session I (Basic Science and Pretreatment Assessment)**

- Liver – surgical anatomy for resection and terminology
- Pathology of malignant liver tumor
- Screening of HCC & role of tumor markers for liver cancer
- Imaging modalities for liver tumors
- Role of intraoperative ultrasound in liver surgery
- Role of PET CT in the diagnosis and treatment of liver cancer

**11:00am -11:15am Tea Break**

**11:15am - 1:15pm Session II (Systemic and Regional Therapies)**

- Transarterial Chemoembolization(TACE) for hepatocellular carcinoma
- Role of thermal ablation of liver tumor (RFA / Microwave therapy)
- Radioembolization (Yttrium - 90 microspheres therapy) for liver tumors - an overview
- Radioembolization for primary and secondary liver cancer
- Role of drug-eluting beads in the management of colorectal metastasis and HCC
- Systemic therapy for liver cancer

**1:15pm - 2:00pm Lunch**

**2:00pm - 3:30pm Session III (Pre operative Planning & Optimization)**

- Role of biopsy before resection or transplantation
- Preoperative planning and management for hilar cholangiocarcinoma
- Strategies to assess the hepatic reserve and future liver remnant- before liver resection
- The role of portal vein embolization in preparation for hepatic resection

**3:30pm - 3:45pm Tea Break**

**3:45pm - 5:15pm Session IV (Colorectal Liver Metastasis)**

- Multidisciplinary approach and strategies to enhance resectability for Initially unresectable colorectal liver metastasis
- Resection for colorectal liver metastasis – overview
- Approach to synchronous presentation of colorectal cancer and liver metastasis
- Aggressive surgical resection and approaches to bilateral colorectal liver metastasis

**8.00 pm Onwards Gala Dinner at Ambiance Hall, The Grand Bhagwati**

# Scientific Program

September 11, 2011

## Day 2

8:15am - 8:45am Breakfast

8:45am - 10:50am Session I (Liver Transplantation for Hepatocellular Carcinoma)

- Transplantation for HCC – overview and selection criteria
- Liver transplantation for HCC within Milan Criteria
- Liver transplantation for HCC with extended criteria
- Management of HCC on the waiting list
- Monitoring and management of recurrence after liver transplantation
- Panel discussion: treatment for small HCC: resection, transplant, or RFA?

10:50am -11:05am Tea Break

11:05pm - 12:55pm Session II (Surgery for Hepatocellular Carcinoma)

- Liver resection for HCC : indications and techniques
- Liver resection in patients with cirrhosis
- Complex liver resections for HCC
- Sepsis after liver resection
- Adjuvant therapy following resection for HCC and management of recurrence

12:55pm - 1:40pm Lunch

01:40am - 3:10pm Session III (Cholangiocarcinoma / Noncolorectal Liver Metastasis)

- Surgical treatment for perihilar cholangiocarcinoma
- Liver transplantation for cholangiocarcinoma
- Liver metastasis from neuroendocrine Tumors
- Noncolorectal - nonneuroendocrine liver metastasis

3:10pm - 3:25 pm Tea Break

3:25pm - 4:45pm Session IV (Recent Advances in Liver Surgery and Master Videos)

- Laparoscopic and robotic liver resection
- Techniques of parenchymal transection
- Malignant liver tumors in children
- Surgical management of gallbladder cancer

4:45pm - 5:30pm Master Videos:

- Right hepatectomy for HCC
- Right hepatectomy with caudate lobectomy for hilar cholangiocarcinoma
- Laparoscopic / robotic liver resection
- Extended liver resection with portal vein resection and reconstruction

# Invited Speakers

## International Faculty

### Prof. Tomoki Ebata

Assistant Professor, Division of Surgical Oncology,  
Department of Surgery, Nagoya University Graduate School of Medicine, Nagoya, JAPAN

## National Faculty

### Dr. A S Soin

Chief Liver Transplant and Hepatobiliary Surgeon  
Chairman, Institute of Liver Transplantation and  
Regenerative Medicine, Medanta-The Medicity  
Gurgaon, Haryana

### Dr. Adarsh Choudhary

Surgical Gastroenterologist and HPB Surgeon  
Medanta-The Medicity, Gurgaon, Haryana

### Dr. H. Ramesh

HPB & Liver Transplant Surgeon  
Department of Surgical Gastroenterology  
Lakeshore Hospital & Research Center, Kochi

### Dr. Suyash Kulkarni

Assistant Professor  
Interventional Radiologist  
Department of Radiodiagnosis  
Tata Memorial Hospital, Mumbai

### Dr. Sanjay Nagral

Consultant Surgeon, Dept of Surgical  
Gastroenterology, Jaslok Hospital & Research  
Centre, Mumbai

### Dr. Anil Agarwal

Surgical Gastroenterologist & HPB Surgeon  
G. B. Pant Hospital & MAM College  
New Delhi

### Dr. S. S. Baijal

Interventional Radiologist  
Medanta-The Medicity, Gurgaon, Haryana

### Dr. Yogesh K. Chawla

Professor & Head  
Department of Hepatology, PGIMER, Chandigarh

### Dr. Rajan Saxena

Professor and Head, Department of Surgical  
Gastroenterology and Centre For Hepatobiliary  
Diseases and Transplantation, Sanjay Gandhi  
Postgraduate Institute of Medical Sciences, Lucknow

### Dr. S Sudhindran

Clinical Professor Department of Solid Organ  
Transplantation, Amrita Institute of Medical Sciences, Kochi

### Dr. Subba Rao

HPB & Liver Transplant Surgeon  
Apollo Hospital, Kamineni Institute of  
Medical Sciences & Hospital, Hyderabad

### Dr. Ravi Mohanka

Hepato-Biliary and Transplant Surgeon  
Medanta Institute of Liver Transplant and  
Regenerative Medicine, Medanta - The Medicity  
Gurgaon, Haryana

### Dr. Hemant Vadeyar

Consultant Hepato-Pancreato-Biliary and  
Liver Transplant Surgeon, Kokilaben Dhirubhai  
Ambani Hospital, Mumbai

### Dr. Anand K. Khakhar

Program Director, Sr Consultant & HPB Surgeon  
Centre for Liver Disease & Transplantation  
Apollo Hospital, Chennai

### Dr. Deepak Govil

Senior Consultant, Critical Care  
Medanta-The Medicity, Gurgaon, Haryana

### Dr. Shyam Agarwal

Senior Consultant, Department of Medical Oncology  
Sir Ganga Ram Hospital, New Delhi

## Target Audience

General surgeons, Surgical gastroenterologists, Hepatobiliary surgeons, Transplant surgeons, Oncologists, Oncosurgeons, Radiologists / Interventional radiologists, Pathologists, Trainees, Fellows, Physicians, Coordinators and other Allied Health Professionals.
